2007 EMEA Software Conference

Smallworld and the Smart Network

17, 18 and 19 October 2007

GE imagination at work

Please join us at the 2007 EMEA Software Conference. Share knowledge, experience, innovation and successes with peers, partners and GE Energy staff. Be invigorated and learn through hands-on workshops, industry presentations, case studies, product announcements and exhibitions. Networking and social events bring users from all over Europe, making it the place to do business this Autumn.
